Several Georgia statutes proscribe jurisdiction and venue for different types of cases that involve state agencies. - D. The undersigned agrees to abide by all Muscogee County School District Board policies to be found at <https://simbli.eboardsolutions.com/index.aspx?s=4121>.
- E. SPECIFICATIONS (Appendix A pages 36 to 57)

Proposed alternates will be reviewed to determine if they are in the best interest of the District. - 5. TRADE NAME Suppliers are required to indicate the brand name and model of merchandise quote. Brand names and models listed in the specifications are used as a standard of quality and are not meant to limit competition.
- 6. NO ASSIGNMENT, DELEGATION, OR SUBCONTRACT WITHOUT DISTRICT CONSENT Except as may be specifically permitted, vendor shall not delegate, subcontract, assign, or otherwise permit anyone other than vendor personnel to perform any of the work and/or provide any of the services required of vendor under this contract, or assign any of its rights or obligations hereunder, without the prior written consent of the Muscogee County School District, which consent may be withheld by the Muscogee County School District in its sole discretion.
- 7. CONTRACT PERIOD The contract period shall cover the period January 1, 2026 through December 31, 2026. Prices shall remain firm and fixed throughout the contract period. In compliance with State of Georgia law, O.C.G.A. 20-2-506, the contract shall terminate absolutely and without

MUSCOGEE COUNTY SCHOOL DISTRICT
INVITATION TO BID #26-006
PURCHASE OF LARGE EQUIPMENT FOR SCHOOL NUTRITION PROGRAM

further obligation at the close of the calendar year. The Board may renew the contract in one-year increments, not to exceed a total of three years.

Georgia law at OCGA s 20-2-506 contains very specific provisions regarding the limited authority of school boards to enter into contracts whose terms could financially obligate future boards of education. Boilerplate or standard termination clauses, therefore, are often problematic for the MCSD. A board of education cannot unreasonably financially obligate a future board of education. The terms of the law will be summarized below, as a thorough discussion of the requirements is outside of the scope of this document. Under certain conditions, school systems may enter into multi-year lease, purchase, or lease-purchase contracts, and these contracts may be used to acquire construction project sites or buildings, or for other purposes. Each such contract must terminate at the end of the calendar year in which the contract was entered into, and at the end of each succeeding calendar year. The contract may provide that it shall be automatically renewed for each successive year unless the school system takes affirmative steps to terminate the contract. The contract must contain a clear statement of the school system's total financial obligation for the original and each succeeding calendar year. Except for guaranteed energy savings contracts, the total value of all such contracts for any calendar year may not exceed 7.5 percent of the total local revenue collected in the most recently completed fiscal year. Failure to comply with the specific requirements of the code section can make the contract void.

8. **RESPONSE, INTERPRETATION, AND COMMUNICATION**

- A. Response shall be on the bid forms provided only.
- B. Bids received after the stated due date and time will not be accepted.
- C. If you do not wish to bid, respond with "No Bid" and give a reason for this response.

- E. Communication about this active bid should not be made with any employee of the MCSD except the Senior Buyer or the Purchasing Manager.

Delivery shall be made within the vendor's quoted days after receipt of the order. Any item(s) not delivered within the time limit may be canceled by the school district at no expense to the same.
- B. **Coordination:** Successful vendor shall liaison with the School Nutrition Program to schedule deliveries, installations, and where necessary, removal of old equipment. A site visit may be required to verify all site conditions which include, but are not limited to, measurements, electrical, and plumbing connections. All deliveries should be coordinated with the MCSD School Nutrition Director. **To minimize interruption of normal cafeteria operation**, removal of old equipment shall be disposed of by the awarded vendor. 14. **PAYMENT** The payment terms for the District are Net 30. Payment shall be approved upon receipt, inspection, and acceptance of the materials at destination and receipt of proper itemized invoices. The District has determined issuing payments electronically is the preferred method of payment. The District reserves the right to remit payments using an electronic method in lieu of issuing a check at no additional cost to the District. Payment of interest / late fees is prohibited by the gratuities clause of the Georgia constitution. Similarly, MCSD cannot enter into an agreement that requires it to pay attorney's fees or goods/services not priced in the contract or authorizes the payment of unknown/unspecified cost increases that cannot be calculated.
15. **BID RECAP** A bid summary shall be sent to all participating vendors.
16. **EQUAL OPPORTUNITY POLICY** Vendors shall abide by the school district's non-discrimination policy (DJED). The vendor/contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, handicap, or national origin. The vendor/contractor shall take appropriate action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, religion, sex, handicap, or national origin. Such action shall include, but shall not be limited to the following: employment, upgrading, demotion, transfer, recruitment, layoff, termination, rates of pay or other forms of compensation, and training. It is the further policy of the Board to ensure equal opportunity for minority-owned businesses and minority professionals with regard to all work, services, and supplies purchased by the Board and all construction projects undertaken by the Board which are competitively bid by the Board.
17. **BOND REQUIREMENTS** There will not be a bond required for this solicitation.
18. **FACILITIES** The vendor shall be responsible and liable for damage to the storage, building, and grounds areas if the vendor's employees or agents cause damage during delivery.
19. **CERTIFICATION REGARDING NON-COLLUSION** The undersigned hereby certifies that the price(s) and amounts of this bid have been arrived at independently and without consultation, communication, or agreement with any other contractor, bidder, or potential bidder. Neither the price(s) nor the amount of this bid, and neither the approximate price(s) nor the approximate amount of this bid, have been disclosed to any other firm or person who is a bidder or potential bidder, and they will not be disclosed before bid opening. No attempt has been made or will be made to induce any firm or person to refrain from bidding on this contract, or to submit a bid higher than this bid, or to submit any intentionally high or noncompetitive bid or other form of complementary bid. The bid is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive bid. The bidder, its affiliates, subsidiaries, officers, directors, and employees are not currently under investigation by any government agency and have not in the last three years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to bidding on any public contract. The bidder understands that collusive bidding is a violation of state and federal law and can result in fines, prison sentences, and civil damage awards.
20. **CERTIFICATION REGARDING DEBARMENT** The undersigned hereby certifies and swears that neither this vendor nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal or State department or agency.

22. **INSURANCE** The successful bidder shall supply to the school district proof of insurance for automobiles, workers' compensation, and general liability. The awarded contractor shall furnish to MCSD a current Certificate of Insurance. Insurance certificates will be reviewed by the MCSD Department of Risk Management. MCSD is a member of an interlocal risk management agency, the Georgia School Board Association (GSBA). GSBA Risk Management Services (RMS) offers protection through its group-self-insurance plans for workers' compensation, property, and liability risks. Provisions mandating the MCSD to purchase insurance, increase policy limits, or name the vendor or other third party as an additional insured party cannot be included in contracts with the MCSD. **Muscogee County School District must be shown as Additional Insured with respect to liability.** Attach a copy of the policy "Additional Insured" endorsement or state on the certificate that the policy has been specifically endorsed to provide coverage, including Defense Cost Coverage for Muscogee County School District as an Additional Insured. Claims Made Form must have a minimum of a 30-Day Extended Reporting Period. If not being provided, the relevant Chief must provide notification in writing in advance to MCSD Risk Management Department clearly stating the rationale for the decision not to provide.

23. INDEMNIFICATION / HOLD HARMLESS CLAUSE: The MCSD cannot enter into an agreement whereby it agrees to indemnify or hold harmless a vendor or other third party. This language typically looks like “agrees to hold harmless from any liability, personal injury, or property damage arising out of the performance...” There are three legal principles that come into play here. First, indemnification provisions have been held by Georgia courts to be an unauthorized attempt to waive the State’s sovereign immunity. An opinion of the Georgia Attorney General (AG) counsels that an unauthorized attempt to waive sovereign immunity through an indemnification agreement in a contract would be ultra vires and void. 1980 Op. Atty. Gen. 80-67. The Georgia Supreme Court has held that an indemnification clause is invalid where the governmental entity didn’t have express statutory authority to waive its sovereign immunity. CSX Transp., Inc. v. City of Garden City, 588 S.E.2d 688 (Ga. 2003). Second, an indemnification violates Georgia’s Constitutional ban on gratuities. The Georgia Constitution does not allow any donation or gratuity or forgiving of any debt owed to the public. Ga. Const. Art. III, s VI, Para VI (a). The Georgia AG has issued an opinion expressly stating that indemnification provisions are gratuitous undertakings in violation of the gratuities clause. 1980 Op. Atty. Gen. 80-67. Third, the Georgia Constitution does not allow the credit of the state to be pledged or loaned to any individual, company, corporation, or association. Ga. Const. Art. VII s IV Para VIII. The AG has opined that the constitutional debt restriction does not allow any state agency from contractually agreeing to any indemnification or “hold harmless” clause. See 1980 Op., supra. An indemnification is open-ended in nature because, at the time of contracting, neither party knows if nor when it will be triggered. As such, it violates the debt restriction.

24. FORCE MAJEURE If the Muscogee County School District, in its reasonable discretion, determines that the Force Majeure event is likely to delay the Contractor’s performance for more than thirty (30) days, the Muscogee County School District reserves the right to cancel the agreement between the parties. In that event, neither party shall have any further liability to the other, subject only to the Muscogee County School District’s obligation to pay the Contractor for work already completed by the Contractor and the Contractor’s warranty for work already completed.

25. EXCEPTIONS To take exception to a provision of this Invitation to Bid, the Bidder must clearly identify the BID EXCEPTION when submitting the bid.

26. CONFIDENTIALITY:

MCSD and its student records are subject to the terms of The Family Educational Rights and Privacy Act (34 CFR § 99.33). If the vendor becomes privy to certain personally identifiable student information (“Student Information”), the vendor agrees to abide by the limitations on re-disclosure of any such Student Information, which constitutes an education record as defined in FERPA (34 CFR § 99.33 (a)(2)) and with the terms set forth below. 34 CFR 99.33 (a) (2) states that the officers, employees, and agents of a party that receive education record information from the MCSD may use the information, but only for the purposes for which the disclosure was made.

The parties acknowledge that such Student Information includes any paper and electronic Student Information as may be supplied by MCSD, as well as any data provided by MCSD’s students to the vendor. The vendor agrees to hold any Student Information in strict confidence. The vendor shall not use or disclose any Student Information received from or on behalf of MCSD (or its students) except as

permitted or required by the Sales Agreement, as required by law, or as otherwise authorized in writing by MCSD. The vendor agrees not to use any Student Information for any purpose other than the purpose for which the disclosure was made.

Upon termination, cancellation, expiration, or other conclusion of the Sales Agreement, the vendor shall return all education records or, if the return is not feasible, destroy any and all Student Information. If the vendor destroys the Student Information, the vendor shall provide MCSD with a certificate confirming the date of the destruction of the data.

If MCSD reasonably determines in good faith that the vendor has materially breached any of its obligations under this agreement, MCSD, in its sole discretion, shall have the right to require the vendor to submit to a plan of monitoring and reporting; provide the vendor with a fifteen (15) day period to cure the breach, or terminate the Sales Agreement immediately if cure is not possible. Before exercising any of these options, MCSD shall provide written notice to the vendor describing the violation and the action it intends to take. If the Family Policy Compliance Office of the U.S. Department of Education determines that the vendor improperly disclosed personally identifiable information obtained from MCSD's education records, MCSD may not allow the vendor access to education records for at least five years.

The vendor shall develop, implement, maintain and use appropriate administrative, technical, and physical security measures to preserve the confidentiality, integrity, and availability of all electronically maintained or transmitted Student Information received from, or on behalf of MCSD or its students. These measures will be extended by contract to all affiliates and subsidiaries of the vendor.

The vendor shall, within one day of discovery, report to MCSD any use or disclosure of Student Information not authorized by this agreement or in writing by MCSD. The vendor's report shall identify: (i) the nature of the unauthorized use or disclosure, (ii) the Student Information used or disclosed, (iii) who made the unauthorized use or received the unauthorized disclosure, (iv) what the vendor has done or shall do to mitigate any deleterious effect of the unauthorized use or disclosure, and (v) what corrective action the vendor has taken or shall take to prevent future similar unauthorized use or disclosure. The vendor shall provide such other information, including a written report, as reasonably requested by MCSD.

The vendor shall defend and hold MCSD harmless from all claims, liabilities, damages, or judgments involving a third party, including MCSD's costs and attorney fees, which arise as a result of the vendor's failure to meet any of its obligations under this agreement.

27. OPEN RECORDS ACT: MCSD is subject to Georgia's Open Records Act at OCGA s 50-18-70, et. seq. This law allows individuals to view MCSD records [whether maintained electronically or through paper] and/or make copies unless the records are specifically exempted by the law. The law does contain specific language addressing valid trade secrets but requires specific action from the vendor to ensure confidentiality.

You are hereby notified by MCSD that it is the submitting party's obligation to indicate whether any of the information submitted to MCSD constitutes a "trade secret" as defined by law and if so, what specific information constitutes a "trade secret." The Georgia Open Records Act, as amended in April 2012, requires that any "trade secret" information be designated as such at the time it is provided to a governmental agency. The Act further indicates that a failure to make such a designation may result in a waiver of the right to subsequently claim that such information is confidential or otherwise protected from public disclosure.

OCGA 50-18-72 (a) (34). Specifically, OCGA 50-18-72 (a) (34) states in material part:

“(a) Public disclosure shall not be required for records that are:

(34) Any trade secrets obtained from a person or business entity that are required by law, regulation, bid, or request for proposal to be submitted to an agency. An entity submitting records containing trade secrets that wishes to keep such records confidential under this paragraph shall submit and attach to the records an affidavit affirmatively declaring that specific information in the records constitutes trade secrets pursuant to Article 27 of Chapter 1 of Title 10. If such entity attaches such an affidavit, before producing such records in response to a request under this article, the agency shall notify the entity of its intention to produce such records as set forth in this paragraph. If the agency makes a determination that

the specifically identified information does not, in fact, constitute a trade secret, it shall notify the entity submitting the affidavit of its intent to disclose the information within ten days unless prohibited from doing so by an appropriate court order. In the event the entity wishes to prevent disclosure of the requested records, the entity may file an action in a superior court to obtain an order that the requested records are trade secrets exempt from disclosure. The entity filing such action shall serve the requestor with a copy of its court filing. If the agency makes a determination that the specifically identified information does constitute a trade secret, the agency shall withhold the records, and the requester may file an action in a superior court to obtain an order that the requested records are not trade secrets and are subject to disclosure;”

28. **COMPLIANCE WITH LAWS** The successful proposer shall procure all permits, bonds, and licenses, pay all charges, taxes, and fees, and give all notices necessary and incidental to the due and lawful prosecution of the work. All costs thereof shall be deemed to be included in the proposal price. The successful proposer shall, at all times, observe and comply with all Federal, State, City, and other laws, codes, ordinances, rules, and regulations in any manner affecting the conduct of the work.
29. **MCSO REQUIREMENTS-** Muscogee County School District intends to continue some school business functions during the project.
 - A. The contractor must coordinate the service schedule with a representative from School Nutrition. This project must not interfere with any school business function.
 - B. Proposers shall carefully examine the worksite to obtain first-hand knowledge of existing conditions.
 - C. School District Regulations - The contractor shall follow all applicable Muscogee County School District regulations while on Muscogee County School District property, including the no alcohol, no tobacco products, no weapons, no idling, and drug-free policies.
30. The vendor shall protect all buildings, trees, shrubs, lawns, and all landscape work from damage. Any damaged property shall be repaired and replaced at the vendor’s expense. Additionally, the vendor shall protect all private roads, streets, and sidewalks, driveway aprons, driveways, and shall make all necessary repairs at their own expense. The Vendor shall be responsible for any damage done while operating on MCSO property. Damage must be reported within 24 hours to the School Nutrition Department. Failure to do this may result in the termination of the contract/services. Damage must be repaired or replaced within a reasonable time.

Muscogee County School District Terms and Conditions Specific to the School Nutrition Program

1. **Debarred, Suspended, and Ineligible Status.** The Muscogee County School District shall solicit offers from, award contracts to, and consent to subcontracts with responsible vendors and/or principals only. The serious nature of debarment and suspension requires that sanctions be imposed only in the public interest for the Government's protection and not for purposes of punishment. Institutions shall impose debarment or suspension to protect the Government's interest and only for the causes and in accordance with the procedures set forth in 2 CFR 200.213.

The vendor certifies that the vendor and/or any of its sub-vendors or principals have not been debarred, suspended, or declared ineligible by any agency of the State of Georgia or any agency of the Federal government or as defined in the 2 CFR 200.213 which states “Non-federal entities are subject to the non-procurement debarment and suspension regulations implementing Executive Orders 12549 and 12689, 2 CFR part 180. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs or activities.” The vendor will immediately notify the School Food Authority if the vendor is debarred or placed on the Consolidated List of Debarred, Suspended, and Ineligible Vendors by a federal entity. **See Attachment A.**

By signing this agreement, the vendor is testifying that they are not debarred, suspended, or has any ineligible or voluntary exclusions with the U.S. Department of Agriculture or any other Federal or State Agency. All responses will be verified. Debarment and Suspension (Executive Orders 12549 and

12689): A contract award (see 2 CFR 180.220) must not be made to parties listed on the Governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

2. **Contract Extension.** In the event that this Standard Contract shall terminate or be likely to terminate prior to the making of an award for a new contract for the identified goods and services, the Muscogee County School District may, with the written consent of the Contractor, extend this Contract for such period as may be necessary to afford the Muscogee County School District a continuous supply of the identified goods and services. Pursuant to O.C.G.A. Section 50-5-64, this Contract shall not be deemed to create a debt of the State for the payment of any sum beyond the fiscal year of execution or, in the event of a renewal, beyond the fiscal year of such renewal.

3. **Non-Performance and/or Termination Clauses**

a. **Immediate Termination.** This Contract will terminate immediately and absolutely if the Muscogee County School District determines that adequate funds are not appropriated or granted or funds are de-appropriated such that the Muscogee County School District cannot fulfill its obligations under the Contract, which determination is at the Muscogee County School District's sole discretion and shall be conclusive. Further, the Muscogee County School District may terminate the Contract for any one or more of the following reasons effective immediately without advance notice:

- (i) In the event the Contractor is required to be certified or licensed as a condition precedent to providing goods and services, the revocation or loss of such license or certification may result in immediate termination of the Contract effective as of the date on which the license or certification is no longer in effect;
- (ii) The Muscogee County School District determines that the actions, or failure to act, of the Contractor, its agents, employees, or subcontractors have caused, or reasonably could cause, life, health or safety to be jeopardized;
- (iii) The Contractor fails to comply with confidentiality laws or provisions; and/or
- (iv) The Contractor furnished any statement, representation, or certification in connection with the Contract or the bidding process that is materially false, deceptive, incorrect, or incomplete.

Instructions for Certification

- (1) By signing and submitting this form, the prospective primary participant is providing the certification set out on page 1 in accordance with these instructions.
- (2) The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant must submit an explanation of why it cannot provide the certification set out on this form. The certification or explanation will be considered in connection with the Department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation will disqualify such person from participation in this transaction.
- (3) The certification in this clause is a material representation of fact upon which reliance was placed when the Department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Department or agency may terminate this transaction for cause or default.
- (4) The prospective primary participant must provide immediate written notice to the Department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (5) The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549, at 2 CFR Parts 180 and 417. You may contact the Department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.
- (6) The prospective primary participant agrees by submitting this form that, should the proposed covered transaction be entered into, it may not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the Department or agency entering into this transaction.
- (7) The prospective primary participant further agrees by submitting this form that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by the Department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- (8) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the General Services Administration's System for Award Management Exclusions database.
- (9) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (10) Except for transactions authorized under paragraph (6) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the Department or agency may terminate this transaction for cause or default.
