ADDENDUM 1
ITB #25-024 Waste Disposal Services

March 26, 2025

Dear Vendors,

The Purchasing Department has received the following questions concerning Invitation to Bid #25-024 Waste Disposal Services:

1. Can you please provide the current pricing from the current contractor?
Answer: The current annual contract price for this service is \$569,000.
2. Just confirming, on the bid sheet Excel file, the extended price is for one week of service. So, for billing purposes, we will charge that weekly number times 4.33?

Answer: The **Extended Price** column represents the price per pickup **times** the frequency per week. This cost is then calculated at the bottom of the Quote Sheet to provide a total weekly cost for all locations. Please see an example below:

School Name	No. of Cans	Can Size	Frequency Per Week	Price Per Pickup (All Cans)	Extended Price
School A	3	8	2	\$10.00	\$20.00
School B	2	4	3	\$15.00	\$45.00
Total Per Week					\$65.00

Thank you.
