9. **EQUAL OPPORTUNITY POLICY** Vendors shall abide by the school district's non-discrimination policy (DJED). The vendor/contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, handicap, or national origin. The vendor/contractor shall take appropriate action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, religion, sex, handicap, or national origin. Such action shall include, but shall not be limited to the following: employment, upgrading, demotion, transfer, recruitment, layoff, termination, rates of pay or other forms of compensation, and training. No attempt has been made or will be made to induce any firm or person to refrain from bidding on this contract, to submit a bid higher than this bid, or to submit any intentionally high or noncompetitive bid or other form of complementary bid. The bid is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit complementary or other non-competitive bids. The bidder, its affiliates, subsidiaries, officers, directors, and employees are not currently under investigation by any government agency and have not in the last three years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion concerning bidding on any public contract. The bidder understands that collusive bidding is a violation of state and federal law and can result in fines, prison sentences, and civil damage awards.
12. **CERTIFICATION REGARDING DEBARMENT** The undersigned hereby certifies and swears that neither this vendor nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal or State department or agency.
13. **CERTIFICATION REGARDING GEORGIA SECURITY AND IMMIGRATION COMPLIANCE ACT OF 2006** The undersigned hereby certifies that the bidder and any subsequent subcontractors have registered with and are participating in a federal work authorization program as outlined in the O.C.G.A. 13-10-91.

MCSD is a member of an interlocal risk management agency, the Georgia School Board Association (GSBA). Provisions mandating the MCSD to purchase insurance, increase policy limits, or name the vendor or

15. **INDEMNIFICATION / HOLD HARMLESS CLAUSE:** The MCSD cannot enter into an agreement whereby it agrees to indemnify or hold harmless a vendor or other third party. This language typically looks like “agrees to hold harmless from any liability, personal injury, or property damage arising out of the performance...” There are three legal principles that come into play here. First, indemnification provisions have been held by Georgia courts to be an unauthorized attempt to waive the State's sovereign immunity. An opinion of the Georgia Attorney General (AG) counsels that an unauthorized attempt to waive sovereign immunity through an indemnification agreement in a contract would be ultra vires and void. 1980 Op. Atty. Gen. 80-67. The Georgia Supreme Court has held that an indemnification clause is invalid where the governmental entity didn't have express statutory authority to waive its

sovereign immunity. *CSX Transp., Inc. v. City of Garden City*, 588 S.E.2d 688 (Ga. 2003). Second, an indemnification violates Georgia's Constitutional ban on gratuities. The Georgia Constitution does not allow any donation or gratuity or the forgiving of any debt owed to the public. Ga. Const. Art. III, s VI, Para VI (a). The Georgia AG has issued an opinion expressly stating that indemnification provisions are gratuitous undertakings in violation of the gratuities clause. 1980 Op. Atty. Gen. 80-67. Third, the Georgia Constitution does not allow the credit of the state to be pledged or loaned to any individual, company, corporation, or association. Ga. Const. Art. VII s IV Para VIII. The AG has opined that the constitutional debt restriction does not allow any state agency from contractually agreeing to any indemnification or "hold harmless" clause. See 1980 Op., supra. An indemnification is open-ended in nature because, at the time of contracting, neither party knows if nor when it will be triggered. As such, it violates the debt restriction.

16. **FORCE MAJEURE** If the Muscogee County School District, in its reasonable discretion, determines that the Force Majeure event is likely to delay the Contractor's performance for more than thirty (30) days, the Muscogee County School District reserves the right to cancel the agreement between the parties. In that event, neither party shall have any further liability to the other, subject only to the Muscogee County School District's obligation to pay the Contractor for work already completed by the Contractor and the Contractor's warranty for work already completed.
17. **EXCEPTIONS** To take exception to a provision of this Invitation to Bid, the Bidder must clearly identify the BID EXCEPTION when submitting the bid.
18. **CONFIDENTIALITY:**

MCSD and its student records are subject to the terms of The Family Educational Rights and Privacy Act (34 CFR § 99.33). If the vendor becomes privy to certain personally identifiable student information ("Student Information"), the vendor agrees to abide by the limitations on re-disclosure of any such Student Information, which constitutes an education record as defined in FERPA (34 CFR § 99.33 (a)(2)) and with the terms set forth below. 34 CFR 99.33 (a) (2) states that the officers, employees, and agents of a party that receive education record information from the MCSD may use the information, but only for the purposes for which the disclosure was made.

The parties acknowledge that such Student Information includes any paper and electronic Student Information as may be supplied by MCSD, as well as any data provided by MCSD's students to the vendor. The vendor agrees to hold any Student Information in strict confidence. The vendor shall not use or disclose any Student Information received from or on behalf of MCSD (or its students) except as permitted or required by the Sales Agreement, as required by law, or as otherwise authorized in writing by MCSD. The vendor agrees not to use any Student Information for any purpose other than the purpose for which the disclosure was made.

Upon termination, cancellation, expiration, or other conclusions of the Sales Agreement, the vendor shall return all education records or, if the return is not feasible, destroy any and all Student Information. If the vendor destroys the Student Information, the vendor shall provide MCSD with a certificate confirming the date of the destruction of the data.

If MCSD reasonably determines in good faith that the vendor has materially breached any of its obligations under this agreement, MCSD, in its sole discretion, shall have the right to require the vendor to submit to a plan of monitoring and reporting; provide the vendor with a fifteen (15) day period to cure the breach, or terminate the Sales Agreement immediately if the cure is not possible. Before exercising any of these options, MCSD shall provide written notice to the vendor describing the violation and the action it intends to take. If the Family Policy Compliance Office of the U.S. Department of Education determines that the vendor improperly disclosed personally identifiable information obtained from MCSD's education records, MCSD may not allow the vendor access to education records for at least five years.

The vendor shall develop, implement, maintain and use appropriate administrative, technical, and physical security measures to preserve the confidentiality, integrity, and availability of all electronically

maintained or transmitted Student Information received from, or on behalf of MCSD or its students. These measures will be extended by contract to all affiliates and subsidiaries of the vendor.

The vendor shall, within one day of discovery, report to MCSD any use or disclosure of Student Information not authorized by this agreement or in writing by MCSD. The vendor's report shall identify: (i) the nature of the unauthorized use or disclosure, (ii) the Student Information used or disclosed, (iii) who made the unauthorized use or received the unauthorized disclosure, and (iv) what the vendor has done or shall do to mitigate any deleterious effect of the unauthorized use or disclosure, and (v) what corrective action the vendor has taken or shall take to prevent future similar unauthorized use or disclosure. The vendor shall provide such other information, including a written report, as reasonably requested by MCSD.

The vendor shall defend and hold MCSD harmless from all claims, liabilities, damages, or judgments involving a third party, including MCSD's costs and attorney fees, which arise as a result of the vendor's failure to meet any of its obligations under this agreement.

19. OPEN RECORDS ACT: MCSD is subject to Georgia's Open Records Act at OCGA s 50-18-70, et. seq. This law allows individuals to view MCSD records [whether maintained electronically or through paper] and/or make copies unless the records are specifically exempted by the law. The law does contain specific language addressing valid trade secrets but requires specific action from the vendor to ensure confidentiality.

You are hereby notified by MCSD that it is the submitting party's obligation to indicate whether any of the information submitted to MCSD constitutes a "trade secret" as defined by law and if so, what specific information constitutes a "trade secret." The Georgia Open Records Act, as amended in April 2012, requires that any "trade secret" information be designated as such at the time it is provided to a governmental agency. The Act further indicates that a failure to make such a designation may result in a waiver of the right to subsequently claim that such information is confidential or otherwise protected from public disclosure.

OCGA 50-18-72 (a) (34). Specifically, OCGA 50-18-72 (a) (34) states in material part:

"(a) Public disclosure shall not be required for records that are:

(34) Any trade secrets obtained from a person or business entity that are required by law, regulation, bid, or request for proposal to be submitted to an agency. An entity submitting records containing trade secrets that wishes to keep such records confidential under this paragraph shall submit and attach to the records an affidavit affirmatively declaring that specific information in the records constitutes trade secrets pursuant to Article 27 of Chapter 1 of Title 10. If such entity attaches such an affidavit, before producing such records in response to a request under this article, the agency shall notify the entity of its intention to produce such records as set forth in this paragraph. If the agency makes a determination that the specifically identified information does not, in fact, constitute a trade secret, it shall notify the entity submitting the affidavit of its intent to disclose the information within ten days unless prohibited from doing so by an appropriate court order. In the event the entity wishes to prevent disclosure of the requested records, the entity may file an action in a superior court to obtain an order that the requested records are trade secrets exempt from disclosure. The entity filing such action shall serve the requestor with a copy of its court filing. If the agency makes a determination that the specifically identified information does constitute a trade secret, the agency shall withhold the records, and the requester may file an action in a superior court to obtain an order that the requested records are not trade secrets and are subject to disclosure;"

20. COMPLIANCE WITH LAWS The successful proposer shall procure all permits, bonds, and licenses, pay all charges, taxes, and fees, and give all notices necessary and incidental to the due and lawful prosecution of the work. All costs thereof shall be deemed to be included in the proposal price. The successful proposer shall, at all times, observe and comply with all Federal, State, City, and other laws, codes, ordinances, rules, and regulations in any manner affecting the conduct of the work.

Institutions shall solicit offers from, award contracts to, and consent to subcontracts with responsible contractors and/or principals only. The serious nature of debarment and suspension requires that sanctions be imposed only in the public interest for the Government's protection and not for purposes of punishment. Institutions shall impose debarment or suspension to protect the Government's interest and only for the causes and in accordance with the procedures set forth in 2 CFR 200.213.

The Contractor certifies that the Contractor and/or any of its subcontractors or principals have not been debarred, suspended, or declared ineligible by any agency of the State of Georgia or any agency of the Federal government or as defined in the 2 CFR 200.213 which states "Non-federal entities are subject to the non-procurement debarment and suspension regulations implementing Executive Orders 12549 and 12689, 2 CFR part 180. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs or activities."
