ADDENDUM 1

ITB #24-001 Purchase of Serving Line Equipment for St. Elmo Elementary School

July 13, 2023

Dear Vendors,

The following question was received by the Purchasing Department for ITB #24-001 Purchase of Serving Line Equipment for St. Elmo Elementary School:

1. We are based out of West Virginia and will have to subcontract this work out to a local installer and they will be delivering the equipment on their truck. This means that no one from our company will be at the site or able to meet anyone face to face. Are we allowed to submit a price quote for this project?

Answer: Yes. However, the awarded vendor will be responsible for verifying the measurements and voltage either personally or through their representative/subcontractor. As stated in the bid documents, "the bid prices shall include the cost of the entire turn-key operation", which includes verifying all site conditions such as measurements, electrical, and plumbing connections if necessary.
