INVITATION TO BID #25-021  
PURCHASE OF FOOD PRODUCTS  
BID SUMMARY

The red items reflect differences in packaging between the two vendors. To ensure a more accurate comparison, these items were standardized by converting them to a common unit of measure (ounce, pound, gram, etc.), or by calculating the total quantity based on the vendor's specific packaging.  
For example, Beef Meatloaf was converted to the total ounces for both vendors to allow for a more accurate comparison based on actual quantity.  
ACC Distributor: 100 portions x 3 oz. = 300 oz. @ \$0.32 per oz.  
Gordon Food Service: 76 portions x 3.15 oz. = 239.40 oz. @ \$0.35 per oz.

The following items were excluded from the calculation of the total lowest bid amount:  
1. Items marked as "No Bid" or resulting in a "Tie".  
2. Items highlighted in blue, which indicate that the vendor(s) did not provide the requested specifications.

INVITATION TO BID #25-021  
PURCHASE OF FOOD PRODUCTS  
BID SUMMARY

The red items reflect differences in packaging between the two vendors. To ensure a more accurate comparison, these items were standardized by converting them to a common unit of measure (ounce, pound, gram, etc.), or by calculating the total quantity based on the vendor's specific packaging.  
For example, Beef Meatloaf was converted to the total ounces for both vendors to allow for a more accurate comparison based on actual quantity.  
ACC Distributor: 100 portions x 3 oz. = 300 oz. @ \$0.32 per oz.  
Gordon Food Service: 76 portions x 3.15 oz. = 239.40 oz. @ \$0.35 per oz.

The following items were excluded from the calculation of the total lowest bid amount:  
1. Items marked as "No Bid" or resulting in a "Tie".  
2. Items highlighted in blue, which indicate that the vendor(s) did not provide the requested specifications.
